3) Electronic Health Record Medicaid Incentive Payment Program Audit Guidance Document from Office of Inspector General

Jeff Todd said that the Office of Inspector General signed off on the audit guide. The guide includes a listing of suggested documents providers can use for their audit. None of the documents are specifically required but would make the audit run more smoothly. Contact information for audit questions is included in the guide and the audits will begin after July 1st. If anyone has any specific ideas regarding the audit guide, please send them to Jeff. A copy of the final audit guide will be sent to this group and the RECs and HFS will distribute via an eblast to providers as well as being posted on the Internet.

4) Regional Extension Centers (RECs) Outreach and Education Reports

The reports will be available soon and will be discussed on the next work group call and then once a month after that. **Jeff Todd** said that a summary of education and outreach activities done by the RECs will be included in the report along with Webinar and survey information. REC call center statistics included will be helpful in seeing any trending issues and will assist with targeted outreach to providers.

Meeting adjourned. The next call is scheduled on June 30th.
